Hi Dehui,

Regarding the attached study, I noticed the BEAD attachment references MRID 51436403, though that study wasn't beaned for these products. Instead these products referred to 51498201 and you also included 51499001. Is 51436403 relevant here? I've had to run my acceptance letter all the way up to the AA so there is a lot of scrutiny around these, I want to make sure everything is accurate.

Please advise.

Thank you,  
Jackie
